

When I retired, a friend, and neighbor, invited me to join The Three Arts Club of Homeland. Having heard about the Club's programs and activities from a relative who was a long-time member in the 1950-1980 timeframe, I knew right away that I wanted to join.

I have thoroughly enjoyed attending and/or participating in the variety of programs and numerous special events offered by the Club.

Meeting, and getting to know, the warm and welcoming Club members has been an added benefit!
