

Can it really be 29-years since I first entered the clubhouse backdoor as a member? Truth be told...yes!

Having covered the gambit of positions—president to luncheon chair and even “gruntier” jobs—I sincerely share with all that I would not have wanted to miss a moment of those experiences.

Traditionally known for entertaining and enriching programs, trips, and special events, The Three Arts Club of Homeland has succeeded in establishing herself as a premier club promoting the arts.

How pleased and honored I am to be a part of this exceptional “94-year-young club!”
